

OPTICAL NODES · ONB SERIES

Transition to Continuous-Wave (CW) Operation

Discontinuation of the burst mode function as part of continuous product maintenance

DOCUMENT NO.

PCN-2026-001

DATE OF ISSUE

01.08.2026

AFFECTED PRODUCTS

ONB · ONBR · ONB-T

LAST TIME BUY

30.09.2026

Dear Sir or Madam,

we would like to inform you of the following change to the products listed above:

● TYPE OF PRODUCT CHANGE

As part of our continuous product maintenance, the **burst mode** function will be discontinued. After the Last Time Buy, orders will be accepted exclusively for devices with **Continuous-Wave (CW) mode**. In this mode, the laser remains permanently switched on.

● IMPACT ON CUSTOMERS

Customers operating active **DOCSIS 3.0 networks** should verify whether burst mode is required and, if necessary, place orders before the Last Time Buy.

Orders for devices with burst mode can be placed up to and including **30.09.2026**.

● CONTACT

Please contact your responsible sales representative or – if not known – **info@dct-delta.de**.

Kind regards

DCT DELTA AG
